Maintenance

The consumer must perform, or have performed, the following maintenance in order to keep the warranty in effect:

- Lubricate the Chain: The chain must be lubricated at least every 50 hours. If the indoor rower is used in an institutional setting, then the chain must be lubricated at least once a week.
- Seat Roller Performance: The monorail must be kept clean in order for the seat rollers to be covered by this warranty. Note that seat rollers are deemed to be normal wear items on the indoor rower. Daily cleaning of the monorail, as recommended in the maintenance section of the owner's manual, will reduce wear of seat rollers.
